Black Orchid

Professional Freelance Florists

Providing Professional Wedding
Floristry Since 1993

By Appointment Only

*All floral displays featured in this brochure were
designed and created by Black Orchid.*

As professional florists we have over seventeen years of experience and specialist training in Bridal Floristry, ensuring that all our brides receive a professional and personal service, ultimately creating stunning bouquets and displays for your special day.

Based near Rugby we cover Warwickshire and the surrounding areas.

Location is not an issue as we have been commissioned to work all over the country.

Wedding flowers present a fantastic opportunity to express your style and individuality, so when you book an appointment for your consultation, we advise the following information is very important, helping us to realise the look and mood you are trying to create:

- * The colour and style of the bride's dress.
- * The colour and style of the attendants' dress (colour swatches would be required on confirmation of booking).
- * The style of the venue (a visit to the venue/church with the bride can be arranged).
- * Favourite flowers or any pictures collected by the bride, of designs preferred.

"I just wanted to say a huge thank you for our beautiful wedding flowers! They were absolutely stunning and made everything look amazing! Thank you so much! You were both a pleasure to deal with and made it very easy for me."

Many Thanks - Sarah

"The colour coral you chose for the roses was stunning – just what I was picturing in my head but in reality even more stunning. I would not hesitate to recommend you."

Many thanks - Jane and Russell
